...

Hello I have a 2011 Maxima. Yesterday I changed the air filter and cleaned the mass air flow sensor and throttle body with mass air flow cleaner and also throttle body cleaner. The car runs so much better now but the Service Engine Soon light came on.

Service Engine Soon Light | The Nissan Club

I got out in my car late last night ready to go to a party and noticed my "Service Engine Soon" light turn on. Read the manual and it stated that if it was a *solid* light, then chances are the gas cap was loose or not on. Basically this triggers off the EEC sensor and needs one or more trips to reset.

Service Engine Soon solid light | The Nissan Club

The "service engine soon" light indicates that the vehicle's on-board diagnostic computer has detected a problem with one of the car's systems. The computer processes input on system operating parameters while the car is active and illuminates the light if they fall outside of acceptable ranges. When the light is on, the computer contains a trouble code that states which system is malfunctioning, which can be read by a handheld reader that plugs into the dashboard.
