Jeep Wrangler Manual Vs Automatic

A manual transmission is just a solid piece of engineering that doesn't want to break. It doesn't care what angle you are at. It has compression braking that automatics can't touch, and when you are driving it you feel connected to your Jeep. It is a more immersive driving experience.

Automatic vs. Manual Transmission Jeep Wranglers

If your Wrangler transmission happens to blow on the trail, a manual transmission is an easier fix than an automatic. When it comes down to the nitty-gritty, choosing your transmission is all about personal preference. Some people will always stick with a manual transmission, while others simply prefer an automatic.

Jeep Wrangler Automatic vs Manual Transmission | CJ Off-Road

Online Library Jeep Wrangler Manual Vs Automatic

Though getting a manual transmission is key for many off-road enthusiasts, there is still a lot of appeal for automatic transmissions. If you're in that group, then you'll be pleased to know that every Wrangler trim is also available with an automatic transmission. Read More: Color options for the 2020 Wrangler

2020 Jeep Wrangler transmission options

A manual transmission offers anvil-like reliability that doesn't care what angle you run it at, compression braking that no automatic can match, and a much more involved driving experience. The...

Manual vs. Auto Jeep Transmission - Four Wheeler

Depends on if your looking for a new Wrangler or old Wrangler. The newer 6-speed has issues and I wouldn't recommend it unless you are buying an '07 to '11 because the automatic is absolute junk. The '12+ you definitely want the automatic. '06 and below you can go manual if you want, but the 6-speed is still in the '05 & '06.
